

ТАМ, ДЕ ТИ ВДОМА

- ✓ Area - 433, 9 km²
- ✓ People - 18 546 persons
- ✓ Convenient car connection
- ✓ National highway, proximity to international highways H09M06 i M30, European roads E40 (20 km) i E50 (40 km)
- ✓ Railway connection: Station «Velyki Hlibovychi»
- ✓ Lviv airport – 35 km

The Incredible Bibrechchyna

Bibrechchyna is a picturesque part of Lviv Opillya, the mysterious Hologory and the mystical Gorbohirya. There are some true historical treasures here: the medieval defence castle in Svirzh, a defence tower of the 12th-14th centuries in Pyatnychany, ancient chapels, wooden churches, villas and estates of the original architecture, roadside figures and crosses. There are hundreds of impressive and inspiring sights

Resource potential of the community

- Convenient location (Proximity to the regional center (25 km), road and rail connections);
- Availability of land resources of 43.3 thousand hectares: Infrastructure of the gas transport system;
- Availability of minerals (sand, clay);
- The presence of picturesque foothill and mountain landscapes, suitable for the development of recreation and leisure complexes;
- Rich cultural heritage: architectural (6 monuments of national importance, 70 monuments of local importance), song, folklore and gastronomic heritage);
- Potential for the development of bicycle infrastructure, developed bicycle traffic.

- The territory of the European watershed
- The highest peak between the Urals and the Carpathians is Mount Kamula
- 2 sanctuaries: Romanivsky and Svirzky
- Natural zones: Hologory, Gorbohiryia and Opillia

Cultural heritage of the community

- Multicultural historical context: Ukrainians, Poles, Jews and Germans
- 6 architectural monuments of national importance and 70 monuments of local importance
- 9 wooden churches
- 2 museums
- gastronomic heritage: the Urbanski baguette

Before the war and during the war

- Reception of internally displaced persons (at the beginning of the war – 920 persons and now – 620 persons)
- Lack of a development budget (funds are primarily directed to the defense of the state)

AREAS OF COOPERATION

- Energy efficiency and energy saving of buildings of the social infrastructure
- Priority using of renewable energy sources, in particular, solar energy
- Attraction of investments for the development of the agricultural sector
- Construction of water supplying and drainage infrastructure
- Construction of waste processing lines
- Purchase of utility equipment
- Construction and repairing of bomb shelters

AREAS OF COOPERATION

Thermal modernization of educational institutions: insulation, replacement of heating systems, roof repairing, introduction of alternative sources of energy supplying

Construction of water supplying and drainage infrastructure

Cultivation of agricultural products by local agricultural producers, their storage and processing by cooperative associations (drying, freezing, production of jams) with the aim of reviving the culinary traditions of the community

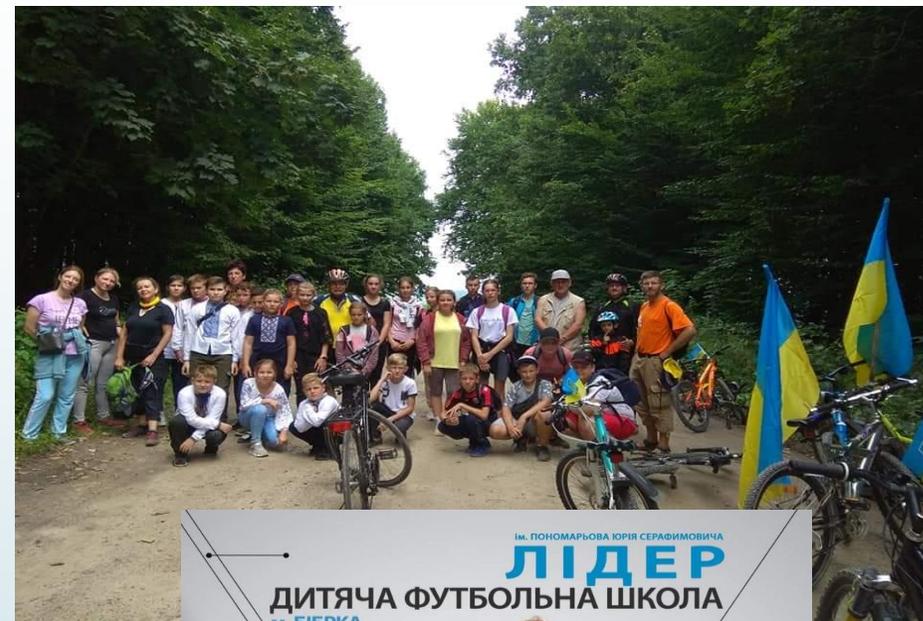

WE ARE READY TO SHARE OUR EXPERIENCE

- Support of internally displaced persons, persons with disabilities, persons in difficult life circumstances
- Cultural projects and local studies
- Formation of new institutions: center for providing social services, center for primary health care

WE ARE READY TO SHARE OUR EXPERIENCE

- Development of tourism and bicycle tourism
- Environmental initiatives
- Development of children's sport
- Revitalization of cultural monuments
- Volunteer activity
